Upcoming Events

We continue to focus on building a solid community within our classroom. The overall program that we use, called Responsive Classroom, highlights the importance on creating a classroom community throughout the year. We have a daily morning meetings which focus on some of our major academic skills, as well as crucial social skills. We also participate in activities throughout the day that connect members of the class and create friendships and community within the classroom. We’re spending a lot of time focusing on how to work in partnerships and groups as well. This sets the tone for the way we communicate with each other. Playing Interactive games, morning greetings, singing, and dancing keeps us all smiling in the classroom. :)
