

## AMY HOFF

First Grade

Becoming a part of the teaching team here at West Tisbury School is a dream come true for me! I live here in town, and my own two daughters have benefitted from all good things, educationally and otherwise, during their time at WTS.

I am thrilled to be a first grade teacher and look forward to inspiring students and contributing to our many wonderful learning experiences ahead. It is a special time in your children's lives, and I am grateful to be a part of it.

Please feel free to reach out to me.
