

West Tisbury School Green Team
Contact: wtsgreenteam@gmail.com

The West Tisbury School Green Team is interested in fostering future stewards of the environment.

We aim to: teach students about conservation, build a conservation-centered school culture, connect students with nature and look for new ways to "green" our beautiful school building.

We celebrate and promote related efforts by our students and staff, like the balloon release ban and plastic bottle ban efforts.

Ongoing "Green Team" projects include:
hosting an annual Zero Waste Week,
putting on a Zero Waste Night for the community,
celebrating Earth Day, organizing a Halloween costume swap and helping to "green" school events like the Back to School BBQ, Ice Cream Social and Teacher Appreciation Luncheon.

Membership: Our group is open to teachers, parents, administrators and community members.

We welcome feedback and participation at anytime.

Members include: Sakiko Isomichi, Annemarie Ralph Samantha Look, Katie Ruppel, Mary Boyd, Donna Lowell-Bettencourt, Zoe Turcotte, Moira Silva.
